- Large scale culinary events-networking opportunities

Media Opportunities

- Radio, television & print opportunities
- Monthly newsletter features go to the 6,000+ people who subscribe. We have cross promotions with various media groups
- The official website has undergone a total redesign and provides a real source of detailed information on the Tucson Originals. Featured are a user-friendly map, event calendars, special promotions and more. The website also offers direct links to the member sites. This creates an opportunity to drive business to the members and for the general public to learn about your establishment
